Safety-approved products for easy market entry

Experienced buyers like you know that it's vital to have the right safety approvals shipped with each order — which is why we've secured SAE, CE and UL certifications for all of our products. As soon as your goods arrive, you can focus on making sales without the distraction of customs delays.

A wide range of products to choose from

Founded in 1985, we have built up a product line that includes revolving warning lights, xenon strobe lights, security and event lighting, sirens, horns and more. In fact, we currently offer more types of safety and warning lights than any other manufacturer in Taiwan.

OEM orders delivered within 30 days

We gladly accept small and mixed orders to help you manage your inventory better. We also welcome OEM requests and guarantee that all orders are delivered within 30 days. For more information, visit our Global Sources Online showroom, or call us today.
